Yes, we already knew. Because you're literally wrong about every fucking thing. Or better yet, just lying to serve jew interests.

What revisionist drivel.

Reagan was a proponent of traditional marriage.

You don't like that he opposed communists? Says more about you than him. 🤡

These alt-righters aren't conservative. Ignore them and stop platforming them.

Aidan @aidanxitter

Reagan gave us amnesty, destroyed marriage as an institution, was liberal on gun rights and abortion, helped to deindustrialize the country, and turned us into a global nanny state to own the commies, his one shining achievement. Reagan has the same values as a Democrat.
